

Alam Subsea Pte Ltd (wholly owned by Eastar Offshore Pte Ltd) is now an ISO certified company. It has been certified for ISO 9001:2008, ISO 14001:2004 and OHSAS 18001:2007.

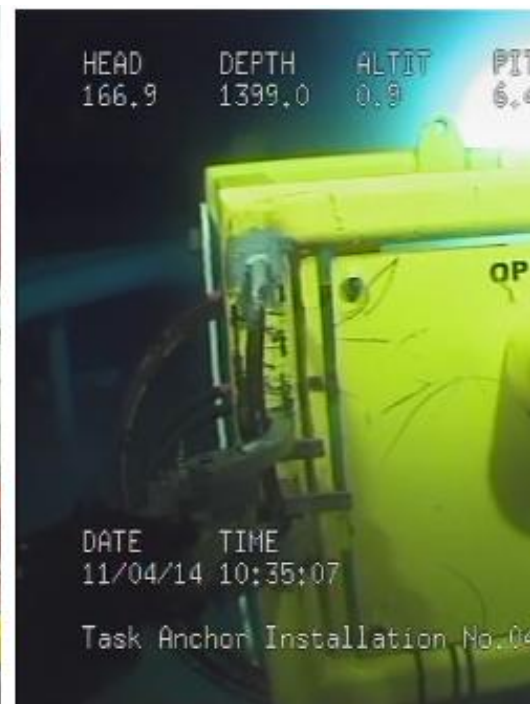

It was a delightful year. With most of our systems on hire, we foresee a busy mode throughout the this year and next. Thanks to all Alam Subsea dedicated staffs who have been so patient and hardworking to ensure the smoothness of all projects. More prospective project is coming in for Alam Subsea as one of important ROV service providers.

ANOTHER SUCCESSFUL YEAR

Last Updated Tuesday, 25 November 2014 09:14

It was a breakthrough for our deep sea system that has dived to more than 1400 meters. It is a pleasure to ensure the ROV performing on its best to satisfy client's needs and to ensure the project can be delivered on time. Nevertheless, Alam Subsea is moving forward to improve further to be a recognizable ROV service provider in this region.

ANOTHER SUCCESSFUL YEAR
